We, the first graduating class of Nauset Regional High School, in appreciation of your untiring efforts and zeal in bringing to full realization the cherished dream of a Regional High School in the Lower Cape, respectfully dedicate our first yearbook to you, Mr. Griffen, and sincerely hope that the future classes enjoy, appreciate and love this school as we do.

Having set the sails of our sturdy crafts, we have sailed free and easy with a minimum of threatening weather, thus far, to our present mooring. Here we shall drop anchor, and disembark in order to board a larger vessel which shall carry us on through life's voyage. The course may be uneven, stormy seas and foul winds may hamper our progress, but the experience, gained on our initial journey and the anticipation of our goals bring promise of clear skies, calm waters and fair winds ahead.

#### Acknowledgement - MR. GATES

The class of 1960 wishes to take this opportunity to extend our thanks and appreciation for the assistance, guidance and advice we were so generously offered by our Class Advisor, Mr. Gates. He has always been on hand for dances, plays, meetings and other times when we needed him. The memory of his jovial countenance will long be remembered.

# *CLASS HISTORY*

The time has come for the Class of '60 to leave the portals of Nauset Regional High behind. Let us look back on our memorable years together.

On a bright September morning 60 new pair of feet could be heard amid the noise of the first day of school. Our little and some big legs carried us to rooms 2 and 4 where our sizable group was divided. The lucky homeroom teachers were Mrs. Fulcher and Mr. Pettengill.

Freshman year was the big step forward for now we were members of the elite high school. It was an exciting year for now we could participate in all those high school activities.

Sheila, what happened in Wellfleet in our Freshman year?

It was a big year for us, too. This was our chance to participate in the well-known, annual Freshman Reception. We realized it wasn't as bad as it sounded even though the Sophomores thought up some means things for us to do, as the theme was "Truth or Consequences."

After this initiation we were officially Freshmen and allowed to take part in high school activities.

At the end of our Freshman year we went on a class picnic to a wonderful spot on the Pamet River. Mr. Kane chaperoned. Vern and Charlie seemed to enjoy the swimming while the girls tried to get a tan.

What were the exciting events of your Freshman year?

The most important event of this year was the One-Act Play competition held in April. Our play was entitled "Five for Bad Luck." No one will ever forget Bruce falling off the piano bench, the lamp shade falling off the lamp, beads popping backstage, and Linda's attempt at piano playing, and the loss of Alison's glasses. Despite these incidents and the seemingly hopelessness of the play, we won! There were certainly a proud bunch of Freshmen walking around for the next few days, and two happy teachers namely Mrs. Denman and Mr. Cochran who did so much to help us to our first spot of recognition. To end the year we had a class picnic at Robin's Hill Beach where everyone enjoyed their sandy hot dogs and charcoal marshmallows. So ended our Freshman year. Our chaperones, Mr. and Mrs. Koch were certainly good sports about it all.

What were the big events of your Sophomore year, Sheila?

To begin our Sophomore year we had a big project. We had the honor of sponsoring the Freshman Reception.

We chose the theme of "This is Your Life." It was worth all the work and enjoyed by all.

After the initiation we had a record hop with Hank Elliot as disc jockey.

We ordered our class rings and received them in January.

To end the year we had a picnic at Gull Pond. Jackie and I realized that lanolin cream doesn't help you tan and we both went home with terrific sun-burns.

What did you do as Sophomores, Jeanette?

Our Sophomore year was off to a good start with our dance entitled "Bohemian Bop" which will long be remembered for its different decorations. Especially those who were jungle sick for the next week. April rolled around again and this year our play was "SHADOW OF A DREAM." Judi's brogue, Sheila Bonnell's sudden faint and Toom's wrap-around fur piece are hard to forget even if you wanted to. This was another victorious year for us and the class of '60 was well on its way to become one of the few classes that had ever won three years in a row, or so we thought.

We had a class picnic this year at Camp Wono and despite the weather everyone, including Mr. and Mrs. Boynton, enjoyed themselves . . .

Well, Sheila, our Junior year was one of the busiest ones we had. How was it down in Wellfleet?

Our Junior year had many problems. The main problem was raising money. We had a class of four and we all learned that most people don't like to buy Christmas cards in October. Jackie and I learned it's a long walk from the highway to town carrying a box of Christmas cards.

Another problem was whether we should try to have a Junior Prom and the Senior Reception or to save all our effort and work and put it into a good Senior Reception. We voted for the latter.

We went to work and chose the theme of "Out of This World." Vern, Charlie, Jackie and I set out to draw moons and cut out stars.

The Reception was well-attended and couldn't have been possible without the help of Miss Hooker, Class Advisor and Mr. Bolton, Art Director.

We all learned that the auditorium ceiling was higher than we thought.

And so ended our Junior year.

What did you do in your Junior year, Jeanette?

Along came our Junior year and a dandy it was too. In December of '58 we received our class rings. No upper or lower classman will ever forget those shirt polishings, looks and smiles that we gave our long awaited rings. April approached and plans were underway for that year's one-act play. After all we had won two years in a row and this year we were hoping for another victory. Anxiety, hope, and confidence were in the air that night, however, it didn't seem to be enough because the judges didn't agree with us this year and the mighty Juniors lost. Do you remember Robbie's eerie silhouette and Micki's toity-toit street accent?

This was the year of the great debates between Leo and Dr. Brooks over the finer points of history. Dr. Brooks, somehow, was always the victor.

Then Junior Prom time rolled around and Cathy Baldwin, our Chairman of the decorating committee, was busy cutting flowers, castles, etc. The theme this year was "Chateau d'Orleans." The gym was really beautiful, but it was Mr. Gallant's castle scene that gave the extra touch to everything. During the Grand March our two little chirping ducklings, who were the inhabitants of the little pool on the gym floor, decided to join the marchers and they were the cause of a large traffic jam.

This was the year that Micki proved, beyond a doubt, the theory that acid does take the paint off the lab tables and Pammy, after five attempts or so, finally realized that wet test tubes do break when heated too quickly. It was also the year that some of our more daring girls decided to put some of their newly acquired chemical knowledge to work in the coloring of their hair.

To the great surprise of everyone, including Tim Fife, we found that he had won the Math contest in school. However, his brother Jon couldn't possibly let the year go by without gaining some recognition so he was later chosen the U. N. delegate and along with Pete Soule, he went to Boys' State. Pammy

Collins and Jeanette were chosen as delegates to Girls' State. We had some other glory in our class when Kathy Peters was once again one of the winners of the Prize Speaking Contest.

Let's look at the last part of our journal, Senior year. This was a transition year and everyone seemed to stand up under the strain of things except for Bruce, who found it difficult to get adjusted to the new seats. This certainly was a different year because now Wellfleet and Orleans were combined and there was a new school and new personalities to get accustomed to. However, after a late start everything worked out fine.

Preparations were immediately begun for our Senior play, entitled "And Never Been Kissed." Such lines as; "I just love pancakes," "Stop smelling me, Gilmore," "We're going to see who can burp the loudest," and "I'm rough and tough and ready for anything" will never be lost. After our play came Toom's now famous party where through the course of the evening some one hundred and seven people showed up. What a party!!

We were a class to start new traditions, like our Senior banquet and Prom. Then, of course, we were the first class of N.R.H.S. to wear the black, gold and white at graduation. The class of '60 were the leaders of a new school and a new decade. Our class can feel proud of the high scholastic, athletic, dramatic, and musical achievements it has attained. All through high school we have had a large number of classmates who have participated in band, orchestra, glee club and chorus. A good number of these have had the honor of being chosen as members of the All-State and New England Music Festivals. In sports, we have had a tremendous group of letter winners who have shown skill and sportsmanship at all times. We have been a class of many sizes, types and personalities, no one will ever dispute that.

We, the class of '60, would like to thank all those who have made these past four years difficult, trying, and almost unbearable at times, but wonderful.

# CLASS PROPHECY

Engineer Bob Conners, recently completed another rescussitory, spondulating, wobulator and . . . alack! It wasn't spondulating and he tuned in on the future and was able to see his old classmates again!

The "Law" finally caught up with Dayton Chapin. Seems he was suspected of bigamy, but come to find out, he's got four wives! Hear tell he's been working about 23 hours a day to support them all!

Now residing in New York City, Sally Drown and Jean Munsey have opened their own hairdressing salon where they are advancing the latest craze . . . Crewcuts for cheerleaders!

Flash from Wellfleet City! Blakeley Petrol Co. threatened by major strike . . . Seems the workers want higher pay . . . At least \$20 a week!

The manager of the Slenderella Reducing Salon was hauled into court last week on a charge of false advertising. Reports say our own Bruce MacPherson is suing the company because he didn't get the "guaranteed results."

Tiajuana jail blasted apart . . . Stewart Hill escapes . . . Seems he was charged with overloading his "Hot Olds" after repeated warnings! His only comment; "I can't refuse a kid a ride."

After a very successful year at the Indianapolis raceway, Brenda and Dick Hoffman have decided to enter again this year. Dick keeps the speedy bulldozer in top-notch condition and Brenda drives in the races! Good luck, kids!

Donna Sivee was last seen going like "vroom" in an open gray jeep . . . that-a-way!!!

America's bid for Olympic Honors in the weight lifting field, Jay Schofield, has been charged with "woman-slaughter." Seems he mistook a BARB for a BARBELL!!!

Boatbuilder Robinson is having difficulty out Kansas-way. Rumor has it that he can't seem to sell his boats . . . no water, maybe?

Seems someone else is encountering occupational troubles: Ken Forsberg, of the local Dairy Queen, reports there was a minor fire there last week . . . seems someone left a cigarette going in the back room. Any idea who, Ken?

When Pete Soule left us, back in '60, he had high hopes of becoming an engineer. Well, his dreams came true - he's the CHIEF engineer of the East Girdleburg Railroad, Inc. Congratulations, Pete.

Journalist Ullman, just back from South Ubangiland, has some very interesting reports on the psychological behavior of shortnecked giraffes. Even back in high school Alison was never satisfied with the ordinary, common, everyday, occurrences of life!

# CLASSES

# *JUNIORS*

The arrival of our new class rings and the planning and anticipation of our Junior Prom have proved to be the highlights of this year. A Student Council committee decided on the style of the ring which will become the standard. On one side of the ring, the Nauset Indian, symbolizing the Warriors and on the other side is the educational symbol. The stone, in the center, of the ring is surrounded by the words "Nauset Regional High School."

The date set for the Prom was May 6. The usual amount of planning and decorating went into it, following an oriental theme. The members of the Junior Class justly showed pride and satisfaction at the successful transformation of the gymnasium and the enthralled dancers into the oriental atmosphere. Our thanks to Mr. Donahue, our class advisor, for helping us along.

# SOPHOMORES

The first activity of the Class of 1962, was the Sophomore class dance. It was named the "Frosty Frolic," with blue and white decorations, to carry out the wintry theme. Those who attended the dance thoroughly enjoyed it.

Our advisor, who has contributed much to the success of the class, is Dr. Brooks. He has helped us whenever we needed it and we are indeed grateful.

We chose our colors and mascot; the colors are navy blue and white, the mascot is a white polar bear with a navy ribbon around his neck. A motto is under consideration with a committee to look into it.

The Sophomore Class was well represented at all school activities and of course athletic events, either as participants or spectators. We had a good showing on the Honor Society and Junior Varsity Basketball Team and always showed a great deal of class spirit and school spirit.

## *EIGHTH GRADE*

For the first time the eighth grade was divided into three sections ranging from 8-1 to 8-3. This was due to the increase in the number of students because of regionalization.

At the beginning of the year, we elected class officers. The manner in which we did this was new but brought forth desirable results. Members of our class submitted their names for candidacy and were elected by class members. During class meetings we discussed field trips to museums and class dances. We've given several dances which were very successful. In all of the school activities the eighth grade has shown fine school spirit.

## SEVENTH GRADE

After the election of our class officers, we had our first class meeting of the year. It was announced at our next class meeting that the eighth grade was going to welcome us into the Junior High by putting on a dance for us. This fine dance was held in October. After a little "breaking in," we decided to return the dance. At the last minute it was postponed because of a basketball game the same night. Finally, after much waiting, we had the dance on March 4 with much success. To top off the year the seventh grade attended a wonderful Junior-Senior Prom, the highlight of our first year at Nauset Regional High School.

# ACTIVITIES

# STUDENT COUNCIL

The first Student Council for Nauset Regional High has been working hard both to represent their fellow students and set a good example for the future student councils of the school.

Some of its accomplishments have been the following: serving refreshments to the visiting teams during the fall sports season, organizing the Tuesday morning assemblies, running the class officers' elections, the making and posting of fire-drill posters, establishing and running the Lost and Found Department, serving as guides for the Open House during Education Week and, running the Christmas Program.

The Council meets once a week to discuss the problems students bring to us, plan ways in which we may be useful to the school, and give our approval or disapproval to items ranging from the cheerleaders' uniforms to the school seal.

# HONOR SOCIETY

G. Koch, B. Chase, D. Chapin

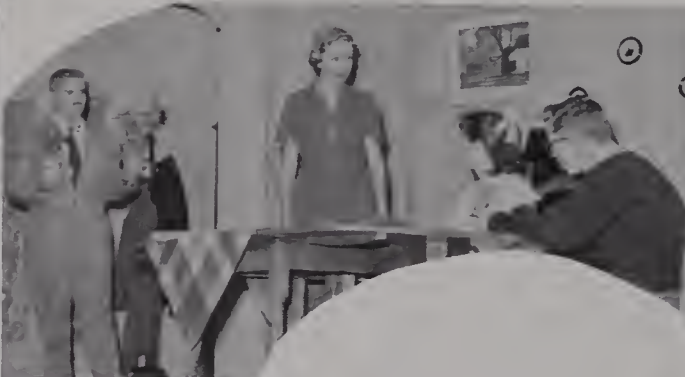

The National Junior and Senior Honor Societies do not, as their names imply, base membership solely on scholarship. Not only scholarship, but leadership, character, service, and citizenship are required of their members, who are selected by the faculty on the basis of these qualifications. Scholastically, a student, must attain honor roll status for two successive marking terms in order to qualify for membership. Inductions are held twice a year, in the spring and fall.

A newly created program makes it possible for any student to seek scholastic aid from any qualified Honor Society member. The society holds an annual dance and takes a yearly pleasure trip, usually to Boston.

# PLAY

## "AND NEVER BEEN KISSED"

This was the play presented by the Class of '60 this year. Mr. Gates and Mr. Cochran had a hard time trying to schedule rehearsals what with soccer, field hockey, work and then basketball to contend with. But finally we all settled down to some serious studying, realizing that this was our Senior Play. We had our share of hilarious laughs and also the inevitable disappointments, discouragements and fear that the play would never be staged. True to theatre tradition though, the show must go on, and so ours did. We all felt the play was a success and again wish to thank Mr. Gates and Mr. M. Cochran and all those who worked on scenery etc. Without their help our unforgettable comedy would never have come alive.

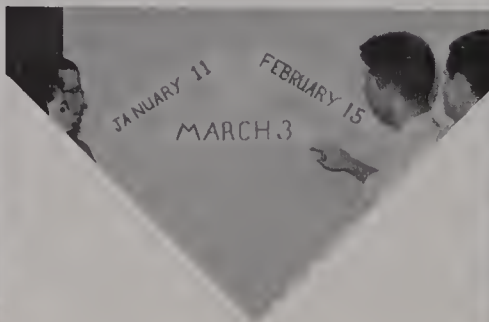

# YEARBOOK EDITORS

SEATED, left to right: Donna Sivee, Circulation Editor; Jay Schofield, Advertising Editor; Pete Soule, Editor-in-Chief; Jon Fife, Photography Editor; Dave Willard, Sports Editor. STANDING: Jeanette Caurant and Linda Toomey, Associate Editors.

Mr. Craig of Craig Studio deserves a wealth of credit for his work. All of the photography in this annual was made possible by his generous devotion of time and skill. We will always be grateful to you, Mr. Craig.

For all your knowledge and time which you so freely contributed, Mr. Edwards, we of the yearbook staff will always be sincerely appreciative. Without you to guide us and help us, this yearbook would have been an impossibility. Thank you.

## *YEARBOOK STAFF*

The size of the 1960 yearbook staff is in itself evidence of the increased emphasis which has been placed upon it.

Whereas most of the past yearbook staffs have been composed of but a handful of editors and typists, this year's organization consists of nearly fifty students. The impressive size of this group seems to imply unwieldiness, but the fact that it is subdivided into several separate sections (advertising, circulation, sports, photography, and general editing) makes for a rapid and smoothly functioning system.

The main feature of this year's staff is a sort of apprenticeship program. The yearbook staff is no longer restricted to just seniors, but freshmen, sophomores, and juniors may belong. The theory behind this rather radical change is that the junior members may accumulate experience, thus leading to a progressively improving yearbook.

#### ORCHESTRA and BAND

The first Orchestra and Band of Nauset Regional High School are comprised of students from the entire school, under the expert direction of their conductor, Mr. Frank B. James.

The groups meet Monday thru Thursday during 5th period to practice for their many school activities and interscholastic festivals in which they participate.

The variety of music and the expressive manner in which it is presented is evidence of the talent which these promising groups possesses.

PAM COLLINS - Orchestra Mistress

LEO LEARY - Orchestra and Band Captain

JONATHAN FIFE and JOHN HINCHLEY - Band Managers

ROBERT HAND and SUSAN ROCK - Librarians

## *MAJORETTES*

# CHORUS

The Nauset Regional High School Chorus is comprised of a selected group of students from the ninth through the twelfth grades. This group comprised of the Wellfleet Chorus and Orleans Chorus got off to a good start under the directions of Mrs. Ryder.

The elected officers of this organization were: President, Barbara Chase; Vice President, Jeanette Caurant; Secretary, Jon Fife; Librarian, Cathy Baldwin.

At its first performance, the Christmas Assembly, the chorus 'Courageously' sang "Twas the Night Before Christmas" under the direction of its secretary.

A selected group attended the Cape Cod Music Festival at Chatham. Also, this year there were 7 who attended the New England Music Festival at Plainville, Connecticut in April. They were: Tim Fife, Skip Daisy, Charlie Carey, Leo Leary, Judi Gallant, Barbara Chase and Dave Daniels.

## GLEE CLUB

The Glee Club is an all girl singing organization. This year there are 29 members from the ninth through twelve grades.

Every year the Glee Club puts on a Christmas program and a Spring Concert at the Glee Club Formal. This is their biggest event of the year, which means many long hours of preparation for the concert, the theme, and the decorations. Each member invites a boy to the formal and the general public is invited to the concert, which is put on around 8:30 p.m. After this the girls and their dates enjoy dancing to an orchestra. The final appearance of the group is at Baccalaureate where a hymn is sung to set the solemn mood.

## *F.T.A.*

The Nauset Future Teachers of America Club began its fifth year with a new advisor, Mr. Boynton. It was through the efforts and help of Mr. M. Cochran that the F. T. A. first came to us.

Our first business this year was electing officers: Judi Gallant - President; Kathy Peters - Vice President; Michele Harris - Treasurer; Carol St. Aubin - Historian and Jane Winchester - Librarian.

Under Mr. Boynton's direction we planned several projects. The first was the banquet for all the Cape's F. T. A. clubs. The purpose was to thank them for inviting us to their schools last year. During the year we have observed classes and have done some practice teaching. We have invited several teachers to our meetings to discuss their teaching practices and theories.

On the lighter side of our meetings, we have movies sponsored by the Nauset Education Association and we have presented a play to arouse interest in our club. Trips were also taken to different colleges.

Our activities are designed to help answer some important questions: Do I want to teach? What do I want to teach? This year has certainly been a help in answering some of these questions.

## PHOTOGRAPHY CLUB

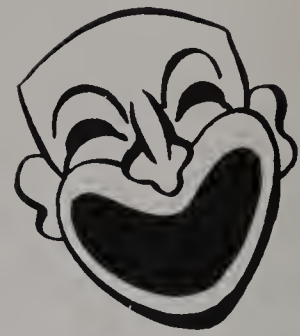

The photography club, which is new this year, is made up of approximately twenty-six members. Its officers are: Bill Holt, president; Ken Forsberg, vice president; Karen Nickerson, secretary-treasurer; and Mr. Pettengill, advisor.

The purpose of the club is to further the interest and improvement of picture taking and to teach the fundamentals of developing pictures. From time to time the club engaged in various projects. One of these was the taking, developing, and printing of all pictures for the pamphlets which were passed out at open house. The photography club also helped with the candid shots pages for the yearbook.

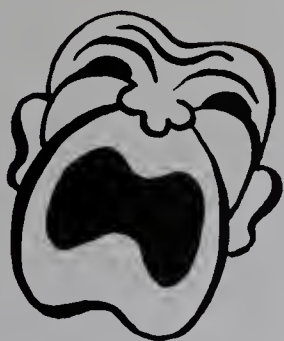

# VARIETY

Our annual show this year proved to be one of the best in terms of participants and effort put forth by all concerned. Mrs. Blake and Mrs. Evens provided the guiding hand and the imaginative mind of Mr. Smith provided the broad shoulders to fall back on when we erred. The Master of Ceremonies was the Will Rogers-like Murray Savage and his assistant, the man of the world, Ray Squire.

# SHOW

One of the acts was the bearded Juniors and their beatnik interpretation. Others included Sandra Blomme's pantomiming wizards, and Leo Leary's "Detention 5 plus 2."

The show was very successful and was enjoyed by all. It will certainly be a well-remembered two nights in the minds of all who took part.

## *"CHATEAU"*

We started planning for our Prom early in the school year. After much deliberation, a theme was decided upon: - a castle in France "Chateau d'Orleans. A committee was sent to Boston to acquire the decorations and upon their return, work was begun to assemble silhouettes of dancers, castles, etc. with which we adorned the bleak walls of the gymnasium. A lovely mural of a castle was generously donated by Arthur Gallant, and attracted a great deal of attention.

A great deal of work went into the planning and the decorating for this "spectacular" and the dream of every Junior was realized as the finishing touches were put on ap-

proximately one half hour before the dance was to commence! It wasn't until late that afternoon that Pete and Ray struck upon the idea of a small swimming pool with several baby ducks paddling around in it. It certainly served as an intriguing and unique centerpiece, and was the source of many laughs as the little ducks persisted in leaving their pool and joining the dancers on the floor.

That night, which took many enthralled young couples for an evening in "gay Paris," will not soon be forgotten.

# ART

The Nauset Regional Art Classes under Mr. Bolton's guidance have made progress this year. Separate rooms used expressly for Art projects and new equipment has also helped this program. At the Nauset Regional Openhouse an exhibition of charcoal, pastel, pen and pencil drawings and water colorings was very impressive. Other projects being worked on now and to be started are: ceramic bowls and sculpted heads, that will be glazed in the kiln; oil painting, jewelry and copper enameling, poured molded ceramics, copper tooling and various worthwhile and interesting art projects.

This past season, being the very first for Nauset, was a success in many ways. Although losing their mathematical chance for the championship as the result of an unfortunate incident, the boys gained invaluable experience in sportsmanship. After a momentary let-down they showed the same drive and spirit that was characteristic of their play all season.

A fine tribute was paid to the team when six were chosen for the All-Star squad. Those selected capped a fine season by putting on an outstanding performance in the post season All-Star game.

For these reasons this premier season will linger long in the memories of fans and students alike.

This year's illustrious team finally reached the pinnacle of Lower Cape basketball, dethroning Sandwich, a goal that other teams have been striving towards for many seasons. Although losing to Barnstable in the final playoff for Cape supremacy, the girls performed admirably, as was their custom throughout the season.

Possessing a masterful defense and a well-balanced offense, coupled with a dedicated coach, the team displayed excellent co-operation and spirit in comprising a squad that anyone would find a pleasure to watch.

Although this year's squad did not set the league on fire, it deserves praise for its spirit, hustle, and drive. Spurred on under the tutelage of one of the Cape's outstanding coaches the boys never lacked for leadership or drilling. With only one returning member from last year, the predominantly senior club acquired many a valuable lesson in battling their Cape adversaries, while several times making their more experienced foes work hard for their victory.

# *SPRING SPORTS*

Although no pictures were available by press time and the records of last year's squad were inadvertently destroyed, Regional High School has a full program of spring sports. Our baseball, softball, and track teams compete with the other schools on the Cape. Our apologies to last year's teams for not having their pictures in this annual.

New Discovery! Barb Neese has finally formulated to perfection a cosmetic that is guaranteed to hide any blush - I wonder who her best customer is?

Kathy Peters is currently teaching a refresher course in mathematics for worn-out math teachers. Kate reports some familiar faces in her classroom - I wonder who?

Seems that the latest fad is stowing away on Air Force planes and our own Lil Bynoe heads the list. Tell us, Lil, what's so intriguing about those planes?

Delightful Dick Philbrick is no longer selling his delicious deep-fried delicacies since the National Park moved in. It's reported that Dick has joined the underground movement against the ruination of private enterprise.

Fixed quiz shows plus the payola craze of the late 1950's has risen again! Quiz-master Hand is exposed! Mark Van Hand pleaded guilty to charges of moral corruption of quiz-shows while Jazz Jockey Delaney pleads the 5th to charges of advancing sales of Rotten Records, Inc. Will the people of America accept this . . . or crucify these deceived individuals?

Our faithful Miss Central, Anna Mae Ulles, was seriously maimed when the antiquated switchboard toppled over on her during the frenzy of a transatlantic call. She's doing as well as can be expected.

After joining the Foreign Legion Nursing Corps, Sue Athearn traveled to Algeria where she is currently tending sick camels - for recreation, I hear she's charming BIG snakes, with her magical flute.

Nurse, Aline Boilard, was asked to resign her post as head supervisor of a ward at the Ailee & Paine Hospital where she was found asleep in the elevator shaft.

Life Fotos went bankrupt when Craig Studios took over the Death Valley region. It is rumored that Jon has taken up professional bass playing. He reports that the competition is lower, and wages higher - Good Luck, Jon!

The director of the original Tanny Gyms, Vern Costa, has completed his much awaited for book entitled "Sweat it out," I hear it is pretty HOT!

Tarzan returns in a smash-hit starring Joe Davis . . . playing the part of the leading monkey. How do you like Show Biz, Joe?

Psychoanalyst, Leo Leary, has finally perfected his much needed anti-persecution pill. His previous attempts left patients feeling too superior.

Hollywood has claimed one of our illustrious classmates. Actor Bob Gibson, recently completed his latest 4-D film "I Was a Teenage Wolf." Hear tell old Bob is planning an early retirement.

The former Miss Ida Jane Sell is happily married to a prosperous businessman. She is now known as Ida Jane Purchase.

After finally graduating summa cum laude from Boston College with a degree in literature, Jeanette Caurant has published her first book: "The Life of a Navy Man in Korea." THIS should be a best seller!

Cagey, Charlie Carey, has clipped a new Pontiac for his wife.

Sneaky Sandie Bloome' has clipped a new Pontiac for her spouse. Rumor has it there will be a new Pontiac Incorporation soon.

Never famous for her height, Sheila Lussier was seriously injured when she was struck down by a hit and run roller skate. I dare say she will recover!

We have just received word that Jackie Boyd has accomplished an "UNBELIEVABLE" feat! She made it around the world in 79 days - on horseback! The light weight in the saddle must have been a great time saver.

Rocket expert Werhner Von Fife was last seen heading way out! Seems he got his foot caught in the launching gear. Now you're really in orbit, T!

Among the many enjoyable TV programs available to the viewer, Dave Willard's show, BLIMEY heads the list. On his show, Dave gives play-by-play sports casting of all national and international women's athletic events. I hear he's doing very well.

Barry Weber has invented a new, improved automatic shorthand taker which requires no effort on her part, what-so-ever, I guess she's living royally on the royalties!

Mary Sheehan is currently employed as a tutor. I understand she's helping mediocre English students to struggle through the year. Is it true they're all seniors, Mary?

Rhoda Reed has taken over the "Coffee Break" where she was formerly employed. She has enlarged the place and redecorated it and rumor has it that she's doing a booming business. Good going and good luck, Rhoda!

Down Florida way, the Remillard Foods Stands, Inc., have put the "Woo-Woo Ginsberger" out of business with the new bigger and better "Woo-Woo Nealberger."

The fantastic wrestling combo, "Crewcut Corrigan" and "Forelock Fulcher" have gained world renowned acclaim for their K.O. watch with the former champs - "Haystack Calhoun" and "Gorgeous George"! However, I doubt if the management was overly appreciative of the gaping hole in the arena roof!

(continued somewhere else)

It was about ten years ago that the idea of a regional school for this area first came to the surface but it failed in the first round to even reach the stage of a formal recommendation. In 1953 it came up again but four of the five towns involved rolled up majority votes against it. Finally, on November 23, 1956, Eastham, Orleans and Wellfleet voted to establish a regional school district and appropriated \$10,000 for its initial expenses. Ten months later, September 23, 1957, these towns authorized the District to borrow \$100,000 for building plans and a firm bid for their construction and on May 26, 1958, authorization was given to borrow \$1,500,000. A general building contract was signed June 19, 1958 and the school was opened September 17, 1959, although the project was not substantially completed until about the end of the year.

Many people played considerable parts in the successive stages of the development of this enterprise and others contributed by resisting and opposing it, thereby forcing those who were for it to do the best they could instead of doing just enough to just barely get by. Someone said to one of us after we had approval of the big borrowing that from there on it would probably be just good clean fun. This did not prove to be altogether the case. We say to you and to those who will come after you for perhaps at least a generation, that now that the building has been substantially completed, it will be you and nobody else who will determine whether the building is any good or not and while we hope you will have fun, it will not be fun but hard work that will make the answer what we hope it will be.

Our faith is strong that our hopes are in good hands.

## *CLASS PROPHECY,* Cont.

Seems that Pam Collins has been able to follow her chosen profession of ticket-selling. She is now residing in deepest, darkest, Africa where she sells tickets to her own show. Here she instructs cannibals in advanced methods of boiling people. I wonder where she got her excellent training?

Interior decorator, Cathy Baldwin, has come up with the latest thing in wallpaper: BLANK WHITE!! And it's selling like crazy!! Keep up the good work, Cath!

Have you read the new best-seller, "Make Yourself Remember" which is missing about 6 chapters? You can guess the author . . . good ol' . . . good ol' . . . ah, ah, . . . Sheila Bonnell!

Judy Dickey and her husband have taken over General Mills, Inc. - The home of Betty Crocker! Judy does all the cooking while Hubby does the dishes! There's the man with the dishpan hands!!

Janet Eldredge received the "No-Frown" prize for the biggest smile of the 20th century! What keeps you so happy, Jan?

The world famous Pam Flinchbaugh has finally completed her greatest work of art . . . the painting of the baseboards in the White House in Washington. I doubt that anyone will EVER match her master work of art!

East Podunk's High School's newest addition to the faculty, Judi Gallant, was the victim of a flying eraser. Apparently the eraser was innocently whipped across the room hitting Miss Gallant and knocking her out! It is reported that she suffered mostly from shock and will be back in class as soon as she has rested!

Duck hunter Hinckley has caught a 500 lb. yellow bird. Seems some canary-lover grew a real brute and John blasted away when the bird broke its chains and landed on a pond. Why don't you pick on something your own size, John?

Gayle Koch is now living in China, doing social work. I hear she's bringing "sunshine" into everyone's life over there. Maybe that's why she's been nicknamed, "Sun-ny"!

Bob Wilcox is currently employed as the Driver Ed. instructor at the East Crash Bang H.S. He also has his own radio program, sponsored by VW, Inc., entitled "Safe Driving For Teens." We're all real proud of you, Bob!

Mass confusion strikes peaceful Brewsterville! 500 chickens are loose! A member of the Rescue squad leads "Chase" to recover the chicks. The hero of the Chase - Ray Squire! Nice going, Ray!

The former Micki Harris has opened a large nursery school - with her husband as disciplinary agent. I understand there are no outsiders allowed - its for her own kids only! Good Luck, Miki!

Earle Luscombe, the wonder of Wellfleet - recently made his debut at Carnegie Hall, conducting his symphony orchestra. However, he was later arrested and jailed on charges of a fraudulent performance when it was discovered that the mellow music

came from a tape recorder - and not from his orchestra! Tough luck, Earle, - can't say you didn't try.

Lil Harper sends her best to all, from her home down in the Sunny South. "Hi-ya' all," and how's things down in the land of the sun, Lil?

Our own Jim Henry Nickerson attained fame and fortune after his brilliant discovery in the world of Medicine. Dr. Nickerson, a well-known veterinarian in these parts, recently perfected a serum to cure rabies and distemper in human beings. I hear it won't be long before he'll try his new serum on real live dogs.

Linda Toomey has not been seen or heard from since the day she graduated from high school. I guess the shock was too much for her!!
